No Vouchers for Some Vardaman Expenditures.

Jackson, Miss. Aug. 8.—Printed copies of the report of the "Senate and House Joint Committee to Investigate Expenditures of the Contingent Fund of the Governor's Office for the Past Six Years," have been received at the Capitol, and are being distributed. The report is signed by C. E. Hood, R. V. Pollard, C. E. Slough, W. T. Simmons, Clayton D. Porter, A. L. Yates, Eugene Gerald and J. B. Mitchell, the committee appointed by the Senate and House, and composed of Vardaman and anti-Vardaman men.

It includes the report of the expert accountant employed by the committee to go over the contingent funds of Govs. Noel and Vardaman, and declares Gov. Noel's accounts were all right, and that he was entitled to credits for sundry sums he had paid out of his own pocket.

The same expert says: "As to Governor Vardaman's expenditures, you will find a general summary and sundry exhibits attached, showing that the expenditures for his term of office (1904-1907) amounted to \$25,770.78. That of this amount \$11,046.82 is accounted for by satisfactory vouchers on file; \$2078.42 is accounted for by paid warrants on the Treasurer's office, which bear the indorsement of the payee, and a further amount of \$2297.72 is accounted for by a statement from the Pinkerton agency, showing that of the \$2454.11 of the special white cap fund of 1904, for which there are no warrants, stubs or vouchers in the Governor's office, \$2157.82 was paid to them. Paid warrants on file in the Treasurer's office show the indorsements of the payees to the amount of \$139.90. Traveling expenses and sundry trips show an expenditure of \$1925.75—total \$17,348.71."

The expert further declares the "amount for which there are no vouchers on file, and which are not explained, except by oral testimony," amount to \$2721.23—and exhibit Number 9 "shows an expenditure from the cyclone fund of \$4931.05, for which there are no vouchers."

In "Table A," the expert shows "amounts drawn out of contingent fund by Governor Vardaman for sundry trips to and in the interest of State institutions, where the institution also made payment to him for these trips." For instance, for visit to the Soldiers' Home at Beauvoir he drew \$80.25 from the contingent fund, and from the same visits \$66.15 from the institution. The same happened in the purchase of mares for the penitentiary, paying himself \$175 out of the contingent fund and \$75 from the penitentiary fund. In October, 1907, the report shows the Governor went to Illinois in the interests of the Insane Hospital, and that he paid himself \$100 out of the contingent fund and \$100 out of the hospital fund for the same trip. The testimony is printed in full.

NOTICE HORSEMEN!

IF YOUR HORSE CALKS, CLICKS OR FORGES, IT means that he is not properly shod. No animal can be any stronger than his feet. Therefore it is of the vital importance that you should see that your horse or mule is shod the "Right Way." He should be attended to by one who understands the business scientifically as well as practically; every shoe should be so adjusted that calking or lameness will be impossible and this can only be done by one who has a thorough knowledge of the business.

The fact that my business is devoted to horse-shoeing exclusively means something. It means that my customers must be thoroughly satisfied or they would not come back to me again. I desire to say in this connection that the same standard of excellence that has characterized my business in the past will be maintained in the future. Being engaged in this business exclusively. I could not expect to earn an honest living without having some inducements to offer and that one inducement is "MERIT."

With a full equipment of tools, shoes, etc., now used by the leading farriers, and backed by eight years experience in this particular line, I feel sure that I can satisfy the most exacting customer. My best reference is my patrons. I again wish to call attention to the fact that in addition to my regular line I have on hand all of the most modern improved shoes such as "NEVER SLIP," "SIDE WEIGHTS," "TOE WEIGHTS," "STEEL PLATES" AND "RUBBER PADS" that positively prevent all ailments of the horse's feet.

At any hour in the day I will be found at the same old stand and ready for service. Wishing to thank my customers throughout the country for their patronage in the past, I remain yours for horseshoeing.

BILLIE ROBERSON.
